Background Information

I have a small herd of 30 alpacas.

I sell some of their fleeces raw to hand spinners and felters. Some I spin and felt myself making items to sell on farm or at markets. The rest I send away to be commercially spun at a small mill.

I am very proud of my animals and the products created and would very much like to be able to promote a fully 100% Australian grown and made product.

Fibre Source

My own alpaca fibre and the neighbours 2 sheep (See attached my latest shearing docket and receipt from Sue Collins)
